

# MEASURE ALIGNMENT REVIEW

**A Roadmap to Meaningful Data:** Momentum's measure alignment review matches a school's mission and values to measures and assessments that provide the most meaningful data for both internal and external purposes.

Over the past 2 years, 100% of the 15 Colorado AECs going through the measure alignment process have identified measure and assessment revisions to strengthen their school.

## EXPERT REVIEW

Momentum's experts in AEC measurement and data analysis review your school's current measures, assessments, and recent performance data - benefitting from the nation's only comprehensive database of AEC performance data.

The unique goals, priorities, student populations, and school mission are incorporated to ensure measures and assessments align with what's most important to your school.

## ROADMAP RECOMMENDATIONS

The review recommendations are built into a customized Roadmap to guide schools in implementing a revised lineup of measures and assessments.

Common recommendations include:

- utilizing subgroup/ unique population performance
- adding mission-aligned measures
- incorporating student-level measures for targeted interventions and growth

## COLLECTION AND REPORTING

The Momentum team helps schools revise their data collection and reporting to maximize impact, whether for internal continuous improvement purposes, or external accountability use for local or state requirements.
