

STUDENT-CENTERED GROWTH SYSTEM

WHAT DOES SCGS DO?

Helps schools to:

- Identify need and provide real-time supports to students
- Collect, analyze, and report data to inform internal and external stakeholders
- Shape, improve, and strengthen the bigger picture of accountability and measurements for at-risk students

WHAT SUPPORTS DO USERS GET?

- Alignment of current data collections to the SCGS system
- Expert assistance to establish benchmarks and goals
- Data tools to both score students and aggregate data

COMING SOON:

- Comparison data from users across the country
- Access to relevant and cutting edge research reports

MEASURE THE
PROGRESS OF ALL
STUDENTS

WHAT DATA DOES IT USE?

Data your school is likely already collecting around:

- Academic Standing
- Academic Engagement and Participation
- Social Emotional Well-Being

HOW MUCH DOES IT COST?

Pricing starts at \$1750 / year for onboarding, with a 2 year commitment

Annual support is based on number of students with a typical school spending less than \$1000
